Respected Professional Colleagues!

Respected Professional Colleagues! Greetings!

"One ounce of practice is worth a thousand pounds of theory." — Swami Vivekananda.

The more you practice new ways of doing things, the more naturally they'll come. Same goes with the profession that is dynamic and updating with the changing statutory, legal and economic environment. Ongoing professional development can prevent potential stagnation by maintaining and improving intellectual skills. It is an important aspect of continuing career growth and striving to reach your goals.

To be successful at any change, you need to really want it. Unless you take the time to consider what it is you really want, you could make a resolution to which you're not entirely committed.

In the month gone by, various programs have been conducted by the branch comprising below:

- **Orientation Program for newly qualified Chartered Accountants** were held to celebrate the success.
- **Motivation Session for CA students** was held to motivate and inspire CA students.
- **Kite Flying competition** was held to celebrate the spirit of Basant Panchmi.
- **Inauguration of installation of glow signage** at the rooftop of branch was held.
- Seminar on **Success mantra for CA students** was held to provide them with useful tips of success.
- **Career counselling session** was held by the Branch for spreading awareness about commerce education in India.
- For discussion and detailed understanding of the Union Budget 2023, the seminar on **Budget** was conducted for the members under lying the impact of Budget on Income Tax, International Taxation and GST.
- Seminar on **Section 43B(H)** was held for the members to have a deep insight into the procedures for the members.

With this, we extend our heartfelt gratitude all our members and students for the support and motivation that you have been extending to us down the ages.

Wishing the best of health and happiness to all!

Warm Regards

CA Vincy Chadda
