Respected Professional Colleagues

Change is the law of nature. There is nothing permanent in life except change. Changes that take place in nature we have little or no control over. Let us talk about change which has become relevant, in these times, for us as human beings as well as professionals.

Continuous learning is the minimum requirement for success in any field because change demands new learning. We, professional, are seeing changes in our day to day professional life: be it various, laws, procedures, tools, skills and techniques. Things are rapidly changing, day in and day out, and that too at a great pace. We need to keep pace with those changes. Life itself is a series of natural and spontaneous changes. Don't resist them- that only creates sorrow. Let reality be reality. Let things naturally flow forward in whatever way they like and let us, rather, adapt to it. Change is the law of life. And those who look only to the past and the present are certain to miss the future. Choice is ours.

We, at branch and also at institute level are making efforts to acquaint the members to the changes at professional level, including those at changing statutes or changing techniques, keeping the future in mind.

"Everyone thinks of changing the world, but no one thinks of changing himself. Yesterday, I was clever, so I wanted to change the world. Today I am wise, so I am changing myself."

So keep learning, to achieve great success

Respected Professional Colleagues!

Greetings!

It is rightly said that *“People with great passion can make the impossible happen.”*

A painter found his passion in drawing machines with wings that flapped like birds, the first illustrations of what 500 years later became aeroplanes.

There is no limit to imagination and converting that passion into reality. Definitely there are many challenges at every step, but the commitment, determination and dedication to win makes way for every success. Past failures will, in no way deter us from abandoning the path leading to success.

In the month gone by, various programs have been conducted by the branch comprising below:

- As part of social responsibility, the branch organised Swachh Bharat Abhiyan in association with the Income Tax Department and Municipal Corporation Chandigarh.
- As part of continuing professional education, Sub regional conference was organised with NIRC.
- Seminar on ICAI Startup Samvad was conducted by the committee on MSME & Startup, jointly hosted by NIRC of ICAI and Chandigarh branch for the members.

The month of October has been a busy month for all the professionals with Income Tax return filings.

With this, we extend our heartfelt gratitude all our members and students for the support and motivation that you have been extending to us down the ages.

Wishing the best of health and happiness to all!

Warm Regards

CA Vincy Chadda
Treasurer
